

Premium Synthetic POWER STEERING KIT SOLID SHEET

“Protect Your Investment”

True Brand® Premium Synthetic Power Steering kit combines our Premium Synthetic Power Steering Fluid with our Power Steering Treatment to help eliminate squeals and chatter due to sticking components, protect against foaming, and also condition and protect seals against drying and shrinkage.

True Brand Premium Synthetic Power Steering Fluid is a superior fluid formulated to be used in ALL power steering systems requiring regular power steering fluid and meets OEM requirements for ALL power steering systems that require fluid, including Electric Power Steering, Audi, BMW, Jaguar, Mercedes Benz, Mini Cooper, Porsche, Rolls Royce, Saab, VW, Volvo, Honda, GM, Ford, Chrysler and more.

Truth - Application / Directions

Manual Fluid Change Directions:

- Remove old power steering fluid from reservoir.
- Add NEW fluid to “FULL”. **DO NOT OVERFILL.**
- Run vehicle 5 to 6 minutes while turning steering wheel to the left and to the right (purging system).

Power Steering Machine Directions:

- Follow machine instructions.
- Drain and Fill. **DO NOT OVERFILL.**
- With NEW fluid turn steering wheel to the left and right to bleed air from system.
- Refill to full. **DO NOT OVERFILL.**
- Add Power Steering Treatment (a leave-in protectant) to the power steering reservoir after service is complete.

For best results, perform a power steering service every 30,000 miles (48,000 km) or as recommended by manufacturer.
