

Premium CVT Fluid

SOLID SHEET

“Protect Your Investment”

True Brand® Premium Full Synthetic Continuously Variable Transmission Fluid is engineered to be suitable for use in all vehicles with continuously variable transmissions. This formula is optimized to provide optimal torque transfer, superior metal-to-metal wear and extreme pressure protection. In addition, anti-wear additives provide excellent anti-shudder and superior wet clutch performance, while extending CVT life. It also contains components that prevent oxidation and protect against thermal breakdown that leads to sludge and varnish build up. For further information visit our website at www.solidstart.com. True Brand Premium CVT Fluid helps ensure proper CVT performance with **NO NEED TO STOCK MULTIPLE OR EXPENSIVE BRANDS!**

Truth - Application / Directions

- Safe for ALL Continuously Variable Transmissions.
- Do NOT mix with NON CVT Fluid.
- If using transmission machines, designate a machine strictly for CVT fluid exchange service.
(Do NOT mix fluid.)
- We suggest drain and fill to prevent cross-contamination.
- For best results, perform fluid exchange regularly according to vehicle manufacturer recommendations.

Truth - Features / Benefits

- Fully synthetic fluid.
- Shear stable viscosity modifiers.
- Superior metal to metal protection.
- Provides superior wet clutch performance.
- Formulated to provide optimal torque transfer.
- Anti-wear additives provide excellent anti-shudder durability.
- Designed to meet performance requirements and specifications of ALL Continuously Variable Transmissions (CVT).
